1. Whilst option 2 has been taken forward this will be monitored through the season
2. Mole issue is being addressed at Beckford but not resolved
3. We are trialling a pitch marking and maintenance service (PMM) with local gardener (Jenny and Sam)- Budget to be set and agreed with them (propose an incentive share also)
4. We have agreed the hire of Beckford as per previous proposal agreed out of committee (see attached) – rental £600 for this season only. They would like to increase it next season once we are established.
5. Pitch cutting plan is to be finalised, currently reliant on Beckford cutting supported by Dave Hunting extra cuts to achieve pitch quality.
6. Social centre has proposed £400 charge for pitch cutting plus £200 for rental. This is still to be agreed. Dave Hunting has indicated he may no longer be able to offer a cutting service to either the Social centre or Football club.
7. Parking note for Beckford prepared – see attached
8. Parking and COVID precautions are the two biggest constraints for matches and pitch allocation. Need to continuously push and remind everyone of COVID obligations,
9. Evesham united training strategy and pitch allocation from October is to be agreed. I have visited the pitch and will draw up a plan. Noting footwear, COVID, finishing on time will be important factors.
10. Improving and maintaining quality of both pitch locations to be reviewed.
11. Karen Paxford has taken over the Pitch allocation responsibilities. Need to review PMM owner going forward.
